**Auditor Registration Scheme
for
Energy Management System (EnMS)
ISO 50001:2018**

Document Number: QCI/NBQP/EnMS/AUD/Ver1.1

Auditor Registration Scheme for EnMS

DOCUMENT CONTROL INDEX

Document No.	Document Description	Version No.	Date of Release	Changes in brief
QCI/NBQP/EnMS/AUD/Ver1.0	Auditor Registration Scheme for Energy Management System (EnMS) ISO 50001:2018	1.0	15.11.18	Initial issue.
QCI/NBQP/EnMS/AUD/Ver1.1	Auditor Registration Scheme for Energy Management System (EnMS) ISO 50001:2018	1.1	26.04.19	Section D.1a: Application Fee validity added. Section D.2: Fee Structure revised.

Auditor Registration Scheme for EnMS

Prologue

1. National Board of Quality Promotion (NBQP) of Quality Council of India (QCI) has designed this Scheme with a view to reinforcing the auditing skill of auditor in Energy Management System (EnMS). The organizations desirous of having these audits done in an in-depth manner to ensure accrual of real gains and infuse confidence in improving energy performance, including energy efficiency, use & consumption will be benefited from the NBQP registered auditors. This is irrespective of the Lead Auditor's Qualifications (LA qualification) acquired by them after attending 5-day LA Course imparted by many of the Certification Bodies (CBs) and other learned organization. However, this LA qualifications are just one-time calibration of a person while the NBQP registration of a person is a continual calibration, which shows progressive improvement in the professional ability of the auditor.
2. The main aim of this Scheme is not to have a ritualistic audit but a futuristic audit, which will enable the organization to chalk out a future plan for continual improvement in the Energy Management activities in a sustainable manner. The auditors with NBQP registration are expected to do value addition in tune with the intents and contents of EnMS 50001:2018.

Note: EnMS 50001:2018 has replaced EnMS 50001:2011, the previous management system standard for Energy Management.

3. As on date the auditors with LA qualification have been trained on the basis of EnMS 50001:2011. With the introduction of EnMS 50001:2018 version, the auditors will have to understand, appreciate and internalize the following elements (which are the new cardinal elements in all ISO standards on different management systems).
 - a) Context of an organization
 - b) Needs and expectations of internal and external interested parties
 - c) Risks and opportunities in all EnMS related activities.
4. This scheme recognizes the importance of competency of the applicant for the registration, not only as an auditor but also as the implementer of the EnMS in his/her profession.
5. NBQP will take into consideration their experience and depth of understanding in the relevant energy management related activities of the applicant. This scheme goes beyond the coverage of EnMS as in ISO 50001:2018.

1. Foreword

1.1 A number of organizations in various sectors are in the process of following a systematic approach in achieving continual improvement of energy performance. The selection of a capable EnMS Auditor by an organization is important for ensuring that the EnMS is capable of meeting the planned arrangements and objectives of the organization and actuating its commitments to optimizing the proper use of energy and thus benefit the society in an efficient, sustainable and cost-effective manner.

1.2 This scheme for registration of EnMS Auditor will help certifying the credentials of auditor and also help the organizations to select a competent auditor from the NBQP Register of Auditor.

1.3 The NBQP certificate of an Auditor (any grade as detailed in this document) is a testimony of high conceptual learning and comprehension and competence in EnMS auditing.

2. Referral standards

2.1 Different organizations of repute have formulated different standards on EnMS and currently the internationally accepted standards on the subject is ISO 50001:2018 EnMS-Requirements.

2.2 It is important to note that ISO 50001:2018 standard is being formulated by ISO on the common format of ten clauses for all management system standards as listed below and, therefore, the salient modifications need to be considered in the assessment of applicants for registration under the scheme, include:

- a) ISO 9001 Quality Management Systems
- b) ISO 14001 Environmental Management Systems
- c) ISO 22001 Food Safety Management Systems

Auditor Registration Scheme for EnMS

- d) ISO 45001 Occupational Health & Safety Management Systems
- e) ISO 27001 Information Security Management System
- f) ISO 50001 Energy Management System

3. Grades of Auditor

Based on the qualification, expertise, and experience, an applicant can be offered the following grades for registration appropriately:

- i. Provisional Auditor
- ii. Internal Auditor
- iii. Auditor
- iv. Lead Auditor
- v. Principal Auditor

4. Process of Registration of EnMS Auditor in different grades

- 4.1 Registration under this scheme is available without restriction to all applicants who satisfy the NBQP registration requirements.
- 4.2 NBQP reserves all rights to amend its registration criteria, procedures and fees, etc. as it may deem fit at any time. Applicants are requested to refer to the updated Scheme while applying for registration.
- 4.3 Although all information provided by the applicants will be kept confidential, NBQP reserves the right to utilize this information for legal, research, sharing with other interested organizations (camouflaging the identity of the applicant), for any other purpose as may be deemed fit by NBQP.

Section – A: Definitions

A.1 For the present, all definitions as given in ISO 50001:2018 Energy Management System – Requirements.

EnMS Auditor

A person with the competence to assess EnMS realization.

Desk Top review

The evaluation of documentary evidences submitted by the applicant in support of the application.

NBQP criteria for EnMS Auditor

Section – B: Requirements for Registration

B.1 Personal Attributes

Applicants for registration should possess the necessary qualities to enable them to act in accordance with the principles of auditing as enshrined in *Clause 4 of ISO 19011 Guidelines for Auditing Management Systems*. The auditors should have acquired the following elements in professional behavior during the performance of audit activities; including being:

- a) Ethical - fair, truthful, sincere, honest and discreet;
- b) Open minded - willing to consider alternative ideas or point of view;
- c) Diplomatic - tactful in dealing with people;
- d) Observant - actively observing physical surroundings and activities;
- e) Perceptive - aware of and able to understand situations;
- f) Versatile - able to readily adapt to different situations;
- g) Tenacious - persistent and focused on achieving objectives;
- h) Decisive - able to reach timely conclusions based on logical reasoning and analysis;
- i) Self-reliant - able to act and function independently whilst interacting effectively with others;
- j) Acting with fortitude - able to act responsively and ethically, even though these actions may not always be popular and may sometime result in disagreement or confrontation;
- k) Open to improvements - willing to learn from situations, and striving for better audit results;
- l) Culturally sensitive - observant and respectful to the culture of the auditee;
- m) Collaborative - effectively interacting with others, including audit team members and auditees personnel.

B.2 Skills and Knowledge

B.2.1 Applicants should through education, training, work experience, and auditing experience be able to demonstrate a satisfactory level of competence during the interaction in all of the areas stated below:

B.2.1.1 Energy Management specific knowledge and skills

B.2.1.1.1 Relevant Standards

Applicants should be able to understand and apply relevant international standards that are applicable to the client organizations, which may be as follows:

- i) ISO 50002 Energy audits — Requirements with guidance for use
- ii) ISO 50003 Energy management systems — Requirements for bodies providing audit and certification of energy management systems
- iii) ISO 50004 Energy management systems — Guidance for the implementation, maintenance and improvement of an energy management system
- iv) ISO 50006 Energy management systems — Measuring energy performance using energy baselines (EnB) and energy performance indicators (EnPI) — General principles and guidance
- v) ISO 50015 Energy management systems — Measurement and verification of energy performance of organizations — General principles and guidance
- vi) ISO 50047 Energy savings — Determination of energy savings in organizations
- vii) ISO Guide 73 Risk Management – Vocabulary
- viii) ISO 19011 Guidelines for management systems auditing
- ix) Other relevant ISO Standards

Note: Latest versions of all the standards to be only considered as per ISO website www.iso.org

B.2.1.1.2 In addition the applicants should preferably have knowledge of other standards that are relevant for understanding the subject of EnMS such as:

- i) Sector specific standards related to energy management
- ii) Metrological and measurement standards
- iii) Accreditation standards

Auditor Registration Scheme for EnMS

- iv) Conformity assessment standards
- v) Process standards

B.2.1.1.3 It is desirable that the applicant has undergone a recognized Internal/Lead Auditor Training Course on EnMS from recognized/accredited institution.

B.2.1.1.4 The applicant should have some insight in the following elements, which will be the conceptual elements in ISO 50001:2018:

- i. Understanding of the organization and its contexts
- ii. Identification of internal and external interested parties, understanding their needs and expectation
- iii. Identification of risks (including opportunities)

B.2.2 General Energy Management principles, methodologies, and techniques

Applicants during interaction should demonstrate the knowledge as well as the ability to apply EnMS principles, methodologies, and techniques such as:

- a) EnMS terminology
- b) Determination of Risk Control and their implementation.
- c) Enhancement of EnMS performance in utilizing energy aspects & opportunities.
- d) Methodologies for emergency preparedness and response.
- e) Cost and benefit analysis of energy management activities
- f) Application of legal and others requirements
- g) Appropriate statistical techniques
- h) Auditing methodologies and techniques
- i) Team work techniques
- j) PDCA (Plan-Do-Check-Act) methodology
- k) Policy deployment methodology
- l) Process mapping techniques
- m) Problem solving techniques & control measures
- n) Techniques for monitoring interested party's satisfaction
- o) Brainstorming techniques
- p) Innovation management techniques
- q) The principles and techniques of EnMS auditing as per ISO 19011

B.2.3 National and international Energy Management Systems

Applicants should have general knowledge of:

- a) The standardization, certification, and accreditation systems at national and international levels.
- b) The processes and procedures for national certification of processes, systems, and personnel.

B.2.4 Organization specific knowledge and skills

B.2.4.1 Statutory, regulatory and other requirements

Applicants should demonstrate the ability to recognize the existence and the significance of the relevant statutory and regulatory requirements (e.g. local, national, or international) applicable to the organization's activities, products, and/ or services

In particular, applicants should demonstrate how the legal issues are recognized which are applicable to the organization's activities.

Basic knowledge in this area should typically include the statutory and regulatory requirements for the organization's operations and activities as required by EnMS ISO 50001: 2018 and should also include the following aspects as appropriate:

Auditor Registration Scheme for EnMS

- a. Audit agreements
- b. Ambience at workplace
- c. International treaties, protocols, and conventions
- d. Consents and licenses and necessary periodic monitoring of equipment required for enhancing energy efficiency & its use.
- e. Reporting and filing of returns
- f. Statements and declarations.
- g. Country specific or government specific regulations (if any)

B.2.4.2 Organizational requirements

B.2.4.2.1 Applicants should demonstrate reasonable knowledge of Organization's activities, products, or services and how the same may have impacts on the improvement in energy performance of the Organization, its usage & consumption.

B.2.4.2.2 The applicant should preferably have background knowledge of processes or products of the sectors of industry which he intends to serve as auditor. Broadly, they should be able to demonstrate how to apply the above knowledge to:

- a) Improve the efficiency, increase the productivity, reduce the cost & reduce the waste.
- b) Identify energy management risks, suggest appropriate control measures with focus on the monitoring and measurement.
- c) Understand the sequence and interaction of the organization's activities, which might increase the quantum of risks to the personnel and their effect on meeting statutory and regulatory requirements. Also assess the organization's preparedness to respond to potential emergency situations that might arise.
- d) Understand the Organization's activities with a view to eliminating or reducing energy management risks and control measures from planning, design, production, services, marketing to disposal stages.
- e) Understand the terminology of specific sector.
- f) Understand the nature of the structure, functions, and relationships within the organization.

B.2.5 Management Practices

Applicants should demonstrate understanding of how EnMS integrates and interacts with the overall management of the organization, including human resource & other management systems. Therefore, applicants should have knowledge of relevant management practices such as:

- a) Planning and control
- b) Strategic management
- c) Production/Operation management including work study methods
- d) Management information systems
- e) Human resource management
- f) Interpersonal and Leadership skills

B.3 Education

B.3.1 The applicant should have completed Diploma/Graduation with specified work experience as mentioned in this document.

B.3.2 Documentary evidence of the claims on the above should be submitted along with the Application form.

B.4 Work Experience

B.4.1 The applicant should have relevant experience in managerial, professional, and technical aspects of the Auditing services to be provided. This may involve the exercise of judgement, problem solving, and communication with interested parties, enabling the auditors to assist the organization in making effective decisions.

Auditor Registration Scheme for EnMS

B.4.2 The applicants' relevant experience shall include the following:

- a) Practical work experience
- b) Experience in management
- c) Experience in EnMS auditing
- d) Experience in implementing EnMS, in one or more of the following capacities:
 - i. Consultancy services
 - ii. EnMS Management Representative/Appointee
 - iii. Member of EnMS team for identification of ways of improving energy efficiently & its appropriate use.
 - iv. Member of management review team
 - v. Energy Management related functions

B.4.3 In particular, applicants should provide documentary evidences for the following minimum work experience, against the Grade applied for:

Sr. No.	Grade	General Work Experience	EnMS Work Experience	Training Course Certificate on EnMS from recognized/ accredited institutions	Auditing Experience
1	Provisional Auditor	4 years full time	1 year	Internal Auditor	Not Compulsory
2	Internal Auditor	4 years full time	1 year	Internal Auditor	5 internal audits of at least 3 hours each
3	Auditor	4 years full time	2 years	Auditor/Lead Auditor	4 full management system audits-20 days (15 days of which should be onsite)
4	Lead Auditor	4 years full time	2 years	Auditor/Lead Auditor	-4 full management system audits-20 days (15 days of which should be onsite) -3 full management system audits as Team Leader-15 days (10 days of which should be onsite)
5	Principal Auditor	8 years full time	Min 6 years as Lead Auditor or 3 years full time employment as a management system' auditor with an accredited certification body		

B.4.3.1 It is desirable that the experience of the audit conducted is relevant to EnMS. Applicants should provide documentary evidence of work experience. This evidence must be signed by the applicant's employer and client where audit had been conducted. Alternatively, this evidence may be presented in the form of employer references giving information on work actually carried out, positions held, reporting levels, and areas of responsibility.

B.4.3.2 The applicants should submit audit log (Annex A) of last 2 years, for desktop review. NBQP reserves the right to ask for additional information of audits to seek the information from the organizations assisted, at any stage of the NBQP assessment process.

B.5 Application Reference

For initial registration, each applicant should be referred by either the current employer or by one alternative person who has a professional relationship with the applicant. Referrals should have direct experience and/or personal knowledge of the applicant relating to those elements of the application for which they have been attested.

B.6 Personal Declaration

All applicants for initial registration and re-registration should sign a declaration whereby they agree to observe and to abide by the NBQP Code of Conduct (Section-G) and that all complaints regarding their performance will be formally logged and dealt with in a manner to prevent recurrence, by NBQP.

Auditor Registration Scheme for EnMS

B.7 Re-registration (maintaining registration)

B.7.1 All registered Auditors should be periodically re-registered. The period between initial registration and re- registration should not exceed three years. Each applicant for re-registration should maintain a written declaration from the client of each EnMS audit and details of professional development undertaken during this period.

For each year of the re-registration period, NBQP registered EnMS Auditor should submit documentary evidence either of having performed a minimum number of audits as stated below:

- a) Auditor Grade -2 audits
- b) Lead Auditor Grade – 4 audits
- c) Principal Auditor Grade – 8 audits

B.7.2 All registered auditors are required to submit annually (before expiry of 1 year of last registration) the details of auditor work undertaken in the Audit Log Sheet (Annex A) and/or Continuing Professional Development (CPD) done by them in the CPD Log Sheet (Annex B) for that particular year.

B.8 Professional Development

The NBQP registered EnMS Auditor should, in each year of the registration period, receive at least 15 hours of appropriate continuing professional development that may include training/awareness programs/seminars/workshops/conclaves. Evidence of that professional development, verified by the training course provider, or the applicant's employer should be submitted as part of the application for re-registration.

The professional development records should show the duration and type of activity undertaken and details of the provider. In the selection of appropriate professional development, Auditor should consider their personal strengths and weaknesses and identify areas for personal improvement.

B.9 Code of conduct

All Auditor are obliged to improve the standing of the auditor profession by rigorously observing the Code of Conduct. Failure to do so may result in suspension or withdrawal of registration.

Please refer to Section F & G for further details.

Section – C: Evaluation Process

C.1 The Complete application form with the requisite fee must be sent to the following address:

Assistant Director
National Board for Quality Promotion
C/o Quality Council of India
ITPI Building, 6th Floor, 4-A, I P Estate,
Ring Road, New Delhi - 110002, India
Phone: 011-23321274/75 Ext: 308,314,304
Email: prasoon.nbqp@qcin.org

C.2 All credentials should be submitted to NBQP through online portal. All applications must be supported by documentary evidence, e.g. legible self-attested photocopies of original certificates etc. Original documentary evidence should be made available only when asked for.

C.3 An incomplete application or not adequately supported by required documents would result in delay in processing or rejection of application.

C.4 NBQP will carry out evaluation of applicant's competencies in following steps:

- a) Adequacy Review** – To check the adequacy of documents submitted by the applicant in support of the application.
- b) Desk-Top Review** – To determine whether the contents of the application form and the supporting documents provided by the applicant are conforming to the Auditor Registration Scheme requirements.
- c) Interaction** - A verification of the applicant's auditing competence related to the documents provided by him and the requirements mentioned in this document through a face-to-face/AV interaction on case to case basis.

C.5 Reconsideration – An applicant who is opting for a higher grade will have to submit a reconsideration fee as given in the fee schedule. The assessment process will be repeated in this case.

An applicant who is rejected during the desktop review, will have an option to submit additional information /evidence for reconsideration within 4 weeks.

Auditor Registration Scheme for EnMS

Section –D: Fees

D.1 General - The fee structure is determined annually and is applicable for 1 year. The validity of the registration is also for 1 year. The current Fee Structure should be as follows:

a) **Application Fee** - Application should be accompanied by the application fee, without which the application will not be processed. This fee covers the administrative costs for processing the applications. Application Fee should be paid by the applicant after reading the entire criteria. Application Fee, once paid, shall not be refunded. Application Fee is valid only for 6 months.

b) **Annual Registration fee** - Successful applicants will be intimated for the remittance of Registration Fee. The applicants will be required to send the fee as per the fee structure within the specified time frame.

Applicants may pay either one- or three-years fee along with their initial application. A discount of 15% on total fee is allowed for three years registration.

Applicants paying one-year fee initially should be required to pay the annual registration fee annually for the next two years on receipt of notice from NBQP.

The Certificate & Registration Card will be sent within 3-4 weeks after the receipt of the fee.

c) **Regrade Fee** - This fee covers the administrative cost required for each regrade consideration. This fee is due with the re-grade submission and is nonrefundable. Where a regarded application is successful, the difference in the registration fee on pro-rata basis is to be paid for registration to the new grade for that current year.

d) **Reconsideration Fee** - This fee covers the administrative costs for reassessment of the application on submission of necessary documentation.

e) **Issue of Duplicate Card and / or Certificate** - Additional fee will be charged for issue of duplicate Card and/or Certificate. All fees are to be paid vide a demand draft or a local cheque in favours of "Quality Council of India" payable at Delhi.

D.2 Fee Structure – The fee structure should be as follows:

i) Application Fee for the first time - **Rs.2000/-**
Re-registration fee - **Rs.1500/-**

ii) Annual Registration Fee:

Provisional Auditor	- Rs. 2400/- for 1 year
Internal Auditor	- Rs. 3600/- for 1 year
Auditor	- Rs. 4800/- for 1 year
Lead Auditor	- Rs. 6000/- for 1 year
Principal Auditor	- Rs. 7200/- for 1 year

15% discount on the total fee is given to the applicant applying for 3 years registration

iii) Re- grade fee - Rs.1,500/-
iv) Reconsideration fee - Rs.1,500/-

18% GST will be charged extra, as application w.e.f. 1st July 2017 and the fees are non- refundable.

The fee should be paid vide demand draft or local (Delhi) cheque, drawn in favour of "Quality Council of India." All fees are non-refundable.

Auditor Registration Scheme for EnMS

Section – E: Registration Card, Certificate and Register

E.1 All successful applicants will be issued the following:

- i) A Certificate
- ii) A Registration Card.

E.2 The validity of the Certificate and the Card will be for the period for which the fee has been paid by the applicant (maximum three years)

E.3 The Card and the Certificate are the primary evidence of validity of Registration and should be presented on commencement of a project and thereafter on demand as appropriate.

E.4 The Register of Auditor will be hosted on the QCI web site. Also, the details of newly registered auditors are published regularly in QCI newsletters “Quality India.”

E.5 In case the registered auditor does not want to publish his/her detail, a request may be sent to NBQP for the same.

Section – F: Appeals, Complaints & Disciplinary Proceedings

F.1 Any complaint by the applicant should be made directly to Director/Principal Advisor (NBQP) and escalated (if required) to CEO-NBQP.

F.2 In case of non-acceptance of the decision of the CEO-NBQP, the applicant can appeal to the Secretary General-QCI who will then appoint an independent appeal committee for the purpose.

F.3 Similarly complaints will be considered according to the procedures of NBQP, which are made by following:

- a) Registered Auditors against a fellow registered Auditors or
- b) An organization, certification body or other body against a registered

F.4 The Certificate and Registration Card would be cancelled or recalled by NBQP.

F.5 NBQP retains the right to undertake disciplinary proceedings against registered Auditors who are found to have acted contrary to the Code of Conduct. Options available include suspension of registration and in instances of serious or sustained breach, withdrawal of registration.

F.6 NBQP may suspend or cancel the NBQP registration because of the following but not limited to:

- a) providing insufficient or incorrect information to NBQP at the time of registration.
- b) illegal use of NBQP registration, card or logo
- c) failure to report any major complaint against the applicant
- d) any other condition deemed appropriate by NBQP
- e) at own request

Section – G: Code of Conduct

G.1 All NBQP Registered auditor are obliged to improve their standing in the auditing profession by rigorously observing the Code of Conduct. Failure to do so may result in suspension or withdrawal of registration.

G.2 A NBQP Registered Auditor is required:

- a) to act professionally, accurately and in an unbiased manner
- b) to strive to increase the competence and prestige of the auditor's profession
- c) to assist those in their employment or under their supervision in developing their management, professional and auditor skills
- d) to maintain the confidentiality of information provided by or acquired from the organization
- e) to avoid and/or declare any conflict of interest that may affect the work to be carried out
- f) to maintain independence from EnMS certification or accreditation bodies
- g) to maintain impartiality in an organization's selection of certification bodies/ registrars
- h) not to act in any way that would prejudice the reputation of the NBQP or the Auditor registration process and to co-operate fully with an inquiry in the event of any alleged breach of this code.

GUIDANCE FOR AUDIT LOG

Please refer to NBQP criteria for EnMS Auditor Registration before filling this log sheet. All information must be completed otherwise it might result in delay or rejection of application. Photocopies of audit log format may be used. Audit type

1. FPA (First Party Audit)
2. SPA (Second Party Audit)
3. CON (Consultancy Audit)
4. TPA (Third Party Audit)

For Third Party Audits (TPY) further classification should be indicated i.e.

- a) Preliminary (Stage 1)
- b) Registration (Stage 2)
- c) Surveillance (SUA)
- d) Follow UP (FUP)
- e) Re-assessment (REA)

Employer details (audit conducted on behalf of) - should give information on whose behalf the audit was conducted. In case the Auditee and the Employer details are the same then the audit will be treated as First Party Audits.

Only, independent, full system audits on established management systems carried out against ISO 50001 or equivalent energy management standards, which are planned, conducted and reported in accordance with ISO 19011 (Guidelines for Auditing Management System) are acceptable. Close out, follow up and surveillance visits are not acceptable for initial registration.

First Party / Internal Audit meeting the criteria may be acceptable for registration, provided, evidence is submitted to substantiate that the auditor was independent of the system being audited and that the auditor had no part in developing the management system being audited.
